Bayline Plumbing Contractors LLC

Qualifications for general contractors, builders and property managers

Florida Certified Plumbing Contractor · License CFC1434894

COMPANY

Bayline Plumbing Contractors LLC is a Florida plumbing contractor based in Wesley Chapel, FL, led by Jamar Belcher, Florida Certified Plumbing Contractor. The company is new. Mr. Belcher has worked in the plumbing trade since 2002.

SCOPE OF WORK

- **New construction plumbing:** underground and slab, rough-in, top-out, trim-out, inspections and closeout.
- **Commercial service:** repairs and replacements, drains and sewer lines, recurring maintenance, turnover work and tenant improvements.

CAPACITY

Crew size is matched to the project. Larger scopes are reviewed bid by bid.

SERVICE TERRITORY

Commercial service, new construction and larger projects throughout Tampa Bay. Everyday service in Wesley Chapel, Land O' Lakes, Zephyrhills, Dade City, Trinity, Odessa, New Tampa and Lutz.

CREDENTIALS AND SKILLS

- Florida Certified Plumbing Contractor, license CFC1434894 (verify at MyFloridaLicense.com)
- OSHA 30
- First Aid/AED
- Blueprint, specification and shop drawing reading; field software such as Procore

PRIOR PROFESSIONAL EXPERIENCE (BEFORE FOUNDING BAYLINE)

Experience below was gained by Mr. Belcher in prior roles. It is not a list of Bayline projects. References available on request.

- **Hospital and healthcare:** new hospital project; lead plumber and interim foreman on hospital work including backflow prevention, pumps, sterilization-related piping, and pressure and leak testing.
- **Schools and apartments:** additions to two elementary schools; several apartment complexes from the start of construction through completion.
- **Large-scale commercial:** plumbing team on a large addition to a major Orlando theme park property.
- **Re-pipes and renovation:** underground and overhead re-pipes in cast iron, copper, CPVC, PVC, PEX, galvanized and black iron; restaurants, churches, department stores, offices and homes.
- **Foreman and crew leadership:** supervised journeymen and apprentices; coordinated with superintendents, GCs and other trades; walked work against plans and specs before inspection; daily logs, change documentation and as-builts.

HOW WE WORK

- Written bid that states what is included and what is not, delivered before work is scheduled.
- Phased, scheduled work with inspections tracked.
- Written approval for any change to scope or price.
- Closeout with final inspection, a clean site, and photos and notes of the finished work.

DOCUMENTS AVAILABLE ON REQUEST

- License verification
- Certificate of insurance
- W-9
- OSHA 30 and First Aid/AED credentials
- Other vendor and subcontractor onboarding documents
